(Goderich) -

A TVO program that featured Goderich is being pre-screened for free tonight.

Last July, Bingham Park was the centre of attention in Goderich as the community gathered to give the space a makeover.

The Giver program helped transform the park into a butterfly themed playground, designed with help from students in Goderich.

The town of Goderich and the Communities in Bloom committee is hosting the event at St. Mary's Catholic School on Wednesday evening.

Everyone is welcome to attend the free screening of the show, which begins at 7 PM.
